CHECK POINT™

THE MSP EMAIL SECURITY

CHALLENGE

www.avanan.com/check-point-msp-email-security-challenge

How do you secure Microsoft 365 or Google Workspace?

If we can't discover any threats they've missed within 14 days, we will send you the an PlayStation 5.

Challenge Overview

Check Point will set up a two-week assessment of your Microsoft Office 365 or Gmail environment.
If our patented approach to email security does not uncover any phishing and/or malware attacks that your security provider missed we'll send you the PlayStation 5.

Accept the Challenge!

Challenge Rules

- Participants must be using Microsoft 365 or Google workspace for corporate email
- Admin is required to authorize the Check Point application
