Private Access Licensing Instructions

General

- Harmony Private Access is licensed per user
- A minimum of 10 users is required for orders of all packages
- Fair usage policy is applied according to Check Point Terms of Service for Cloud Services: https://www.checkpoint.com/about-us/cloud-terms/

Onboarding assistance service:

- A Check Point **Technical Account Manager (TAM)** will be assigned to work closely with the customer to help ensure a successful deployment
- This complementary service is included for Harmony SASE Premium and Complete packages with annual license costs above **$10,000**
- The service is available during the first **3 months** following the purchase

Ongoing assistance service:

- A Check Point **Technical Account Manager (TAM)** will be assigned to work closely with the customer assisting with ongoing service operations
- This complementary service is included for Harmony SASE Premium and Complete packages with annual license costs above **$10,000**
- The service provides **40 hours** per year of expert TAM assistance from Check Point

Gateway entitlement

- Every block of 100 seat licenses entitles to one instance of a Cloud Edge Gateway SKU
- Additional Cloud Edge Gateway instances may be purchased as an add-on SKU
- Orders with fewer than 100 seats must purchase at least one Cloud Edge Gateway SKU, individually of the cloud service
- Each licensed user is entitled to use up to 5 devices for connecting with the Harmony SASE agent

Optional add-on: Additional Cloud Edge Gateways

The performance of Harmony SASE Private Access can be enhanced by adding more gateways*. Additional gateways will increase your organization's throughput and boost performance for geographically dispersed teams. The Harmony SASE mesh network features more than 70 points of presence (PoPs) around the world, located in all major business hubs.

** A minimum of one gateway is required with Harmony SASE Private Access*

Add-On	Feature
Cloud Edge Gateway (1 year)	Private Global Network
	70+ PoPs
	WireGuard and IPsec support
